

# Community Event Provider Guide

*You can help us build girls of courage, confidence, and character,  
who make the world a better place!*

**girl scouts**   
of wisconsin  
southeast

We are excited to provide community organizations the opportunity to partner with Girl Scouts of Wisconsin Southeast (GSWISE) and help us serve girls in southeastern Wisconsin.

Community Event Providers (CEPs) help Girl Scouts connect with their community and the world around them. How do they do it? By offering experiences that Girl Scouts cannot get on their own or with their troop.

### The benefits:

- **Visibility:** to thousands of Girl Scouts and adults (and even more parents) in southeastern Wisconsin.
- **Range:** our council stretches from Kenosha, Racine, Milwaukee, Washington, and Waukesha Counties, and parts of Ozaukee and Walworth Counties.
- **Opportunity:** partner with the largest organization for girls in the world with access to resources on leadership development, team building, outdoor skills, technology, and much more.

### Here's how the program works:

- You complete the application process
- Once approved, guidance is offered if requested to ensure your program aligns with the Girl Scout Leadership Experience
- We help you promote your program (fees may apply\*)
- Girl Scouts, troops, and/or families attend your programs

This booklet describes the application process, the Girl Scout program, and how to make the most of our partnership. If you have questions please contact us via email at [customercare@gswise.org](mailto:customercare@gswise.org).

\*Community Event Providers offering free activities are not required to pay for promotion.

## About Girl Scouting

Girl Scouts was founded in 1912 by trailblazer Juliette Gordon Low. We are the largest girl serving organization in the United States and a member of the World Association of Girl Guides and Girl Scouts, a sisterhood of close to 10 million girls and adults in 146 countries.

## Girl Scout Grade Levels

All girls who are registered members are considered "Girl Scouts." Girl Scouts are grouped into levels by grade. Each level has age-appropriate program resources.

Daisy	Grades K5-1
Brownie	Grades 2-3
Junior	Grades 4-5
Cadette	Grades 6-8
Senior	Grades 9-10
Ambassador	Grades 11-12

## Our Mission and Vision

Girl Scouts builds girls of courage, confidence, and character, who make the world a better place. We strive to provide resources and tools so Girl Scouts can dream big, lead the way as they find their voices, and make changes that affect the issues most important to them.

## Girl Scout Promise

On my honor, I will try:  
 To serve God and my country,  
 To help people at all times,  
 And to live by the Girl Scout Law.

## Girl Scout Law

I will do my best to be  
 honest and fair,  
 friendly and helpful,  
 considerate and caring,  
 courageous and strong,  
 and responsible for what I say and do,  
 and to  
 respect myself and others,  
 respect authority,  
 use resources wisely,  
 make the world a better place,  
 and to be a sister to every Girl Scout.

- Community Event Provider hosts activities that Girl Scouts can participate in as a troop or individual that fully support the Girl Scout Leadership Experience (GSLE).

Activities fulfill Girl Scout program outcomes and connect to the National Program Portfolio including Journeys and skill building badges.

## Level 2:

- Community Event Provider hosts activities that Girl Scouts can participate in as a troop or individual to support the Girl Scout Leadership Experience (GSLE).

Activity is not required to connect to the National Program Portfolio, but does align with one of the focus areas—STEM (science, technology, engineering, and math), outdoors, life skills, and entrepreneurship.

## Level 3:

- Community Event Provider would like to advertise to the Girl Scout membership.

Activity or event is not a specific Girl Scout opportunity, but GSWISE has approved it as a beneficial Girl Scout experience.

Non Profit	For Profit
Level 1- \$100	Level 1- \$200
Level 2- \$125	Level 2- \$250
Level 3- \$250	Level 3- \$500

\*If activity is free for participants, there is no fee to the provider.

## Flyer Development Procedures

Just like your business, we strive to maintain brand consistency, which will help uphold our brand value and protect against unauthorized, inconsistent, and unlicensed use of the Girl Scout brand.

**We must approve the final version of your flyer (for text, design, and branding) before you are able to distribute or post it.**

Please do the following:

- Get permission to use our official GSWISE logo. The Girl Scout servicemark is a registered trademark; permission must be granted to use it. Simply contact [customercare@gswise.org](mailto:customercare@gswise.org) and we will send you authorized art.
- Do not stretch, distort, or recolor the logo art.
- Make sure to put the “girl” in Girl Scout. The words “Scout,” “Scouts,” and “Scouting” should never appear without the modifier “Girl,” and the “G” and “S” in Girl Scouts should always be capitalized.
- Keep Girl Scout references regional. Use “Girl Scouts of Wisconsin Southeast” instead of “Girl Scouts of the USA” or “Girl Scouts of America.”
- Spell out “Girl Scouts.” Don’t abbreviate (such as “GS” or “scout”).
- Do not indicate other youth serving organization names on the flyer.
- Use girl-friendly fonts and a bright color palette when possible.
- Add high resolution photos that will show up clearly on the page. (You must have approval to use photos of Girl Scouts in your flyer.)

## Planning Events

### Offer programs that appeal to a variety of Girl Scouts

Girl Scouts can participate in Girl Scouting as part of a troop or individually. We recommend that you design ways for both troops and individuals to participate meaningfully in your events.

### You can choose your scheduling options

Community Event Providers offer events in many different ways—some offer just one event a year and some offer ongoing events that troops can schedule on demand. Some programs are for multiple grade levels, while some are for a specific grade level. Consider that Girl Scouts and troop activities generally slow down during the summer months, so if you would like to offer a summer program, offer ample time for promotion. When considering a pre-scheduled date for your event, consult with our Girl Experience Team to ensure that there is not a conflict with a previously scheduled large-scale council event or provide on-demand offerings allowing individual troops to schedule at their convenience.

### Photography and video or audio recordings

If you would like to take photographs or make video or audio recordings of Girl Scouts at your events, **you need to have parents or guardians sign a media release form for your organization.** (Although parents or guardians sign a media release form when Girl Scouts are registered with GSUSA, it does NOT give permission to organizations other than Girl Scouts.)

Plan ahead to include a media release form, or any other permission forms, in your confirmation information.

### Follow Girl Scout rules about fundraising

Girl Scout standards prohibit Girl Scouts from directly raising money on behalf of another organization, using games of chance, direct solicitation of cash, or product demonstration parties. However, Girl Scouts may help other organizations at fundraising events (i.e. handing out water at a cancer walk).

## Ensuring the Safety of Girl Scouts

All Community Event Provider programs must meet or exceed Girl Scout safety standards. Make sure to review the information listed below. If you have questions contact [customercare@gswise.org](mailto:customercare@gswise.org).

- **Start by checking that your program matches the guidelines listed in *Safety Activity Checkpoints* at [gswise.org](http://gswise.org)** by doing a keyword search for *Safety Activity Checkpoints*. Find your activity in the Table of Contents. (Example: Animal Interaction, Swimming, or Hayrides.) Review the information to ensure that your activity follows the checkpoints listed.
- **If *Safety Activity Checkpoints* do not exist for a program you wish to provide, contact [customercare@gswise.org](mailto:customercare@gswise.org).** Some programs are allowed if additional rules are followed, while others are simply not allowed. We will let you know the details.
- **Ensure that no alcohol, smoking/vaping, or drugs are permitted at events.**
- **Ensure proper adult supervision of girls.**
- **Make sure that males do not sleep in the same space as girl members during overnight events.** Men may participate only if separate sleeping quarters and separate bathrooms are available for their use.

Girl Scouts welcome and serves a wide spectrum of girls and families. GSWISE does not take a position, develop materials, or allow instruction on topics related to political campaigns, sex education, and religion. Our role is to help Girl Scouts develop leadership skills that will help them make wise choices in all areas of their lives, and we believe parents/guardians are the primary sources of information on sensitive topics. If there's any uncertainty if a topic could be considered sensitive—even for some—contact GSWISE for guidance.

### CEPs CANNOT provide the following programs to Girl Scouts:

- Potentially uncontrolled free-falling (bungee jumping, hang gliding, parachuting, and parasailing)
- Riding all terrain vehicles, motor bikes, and electric scooters
- Flying in non-commercial aircraft (small private planes, helicopters, sailplanes, untethered hot air balloons, and blimps)
- Outdoor trampolines, hunting, snowmobiling, zorbing, stunt skiing, and paintball tagging

#### NOTE:

- Horseback riding, indoor trampolining, shooting sports, and other high-risk activities are only allowed at council approved facilities.

# An Introduction to the Girl Scout Leadership Experience (GSLE)

The Girl Scout program provides opportunities for Girl Scouts to be their best, to develop their leadership skills, and to make the world a better place — all within the safety of an all-girl environment where Girl Scouts take the lead, learn by doing, and learn cooperatively.

Your program will be categorized based on how it aligns with the Girl Scout Leadership Experience.

## Three Keys to Leadership

These describe *what* Girl Scouts gain as a result of their experience in our program.

**Discover**—Girl Scouts understand themselves and their values and use their knowledge and skills to explore the world.

**Connect**—Girl Scouts care about, inspire, and team with others locally and globally.

**Take Action**—Girl Scouts make the world a better place.

## Three Processes

These describe *how* Girl Scouts participate in our program.

**Girl-Led** means that Girl Scouts of every age take an active and age-appropriate role in figuring out the what, where, when, why, and how of what they do.

**Learning by Doing** is hands-on learning that engages Girl Scouts in an ongoing cycle of action and reflection. When girls actively participate in meaningful activities and later reflect on them, they get a deeper understanding of concepts and mastery of skills.

**Cooperative Learning** is designed to promote sharing of knowledge, skills, and learning in an atmosphere of respect and cooperation as Girl Scouts work together on goals that can only be accomplished with the help of others.

## 5 Ways Girl Scouts Builds Girl Leaders

Girl Scouts' mission is to build girls of courage, confidence, and character, who make the world a better place. Since 1912, Girl Scouts of all backgrounds and abilities can be unapologetically themselves through Girl Scout programs as they discover their strengths and rise to meet new challenges — whether they want to climb to the top of a tree or the top of their class, lace up their boots for a hike or advocate for social justice, or make their first best friends. Backed by trusted adult volunteers, mentors, and millions of alums, Girl Scouts lead the way as they find their voices and make changes that affect the issues most important to them. These activities are designed to be girl-led, cooperative, and hands-on— processes that create high-quality experiences conducive to learning.

When Girl Scouts participate in our program, they benefit in five important ways:

### STRONG SENSE OF SELF

Girl Scouts have confidence in themselves and their abilities, and form positive identities.

### POSITIVE VALUES

Girl Scouts act ethically, honestly, and responsibly, and show concern for others.

### CHALLENGE SEEKING

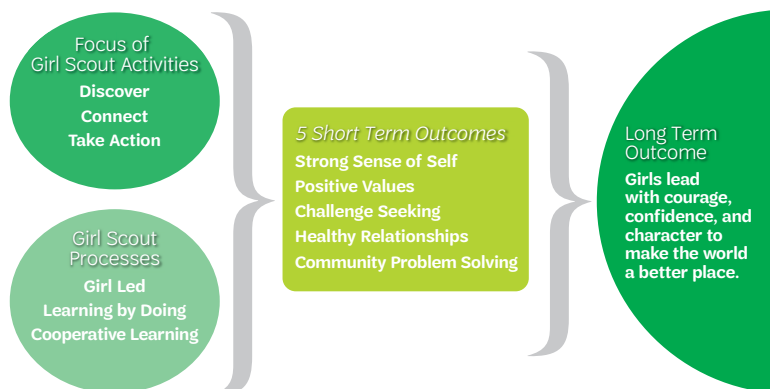

Girl Scouts take appropriate risks, try things even if they might fail, and learn from mistakes.

### HEALTHY RELATIONSHIPS

Girl Scouts develop and maintain healthy relationships by communicating their feelings directly and resolving conflicts constructively.

### COMMUNITY PROBLEM SOLVING

Girl Scouts desire to contribute to the world in purposeful and meaningful ways, learn how to identify problems in the community, and create “action plans” to solve them.

## The National Program Portfolio

The GSLE has two components—the National Leadership Journeys and *The Girl’s Guide to Girl Scouting*.

### Girl Scout Journeys

At the core of the GSLE are National Leadership Journeys, fun and challenging experiences grouped around a theme and spread over a series of sessions.

Journeys are designed to help girls develop as leaders. Girl Scouts choose a Journey on a topic that interests them. As they complete activities they learn new things, discover ways to serve their community, and earn awards.

The current options for Journeys are:

**Girl Scout Daisies:** *Welcome to the Daisy Flower Garden, Between Earth and Sky, 3 Cheers for Animals, Outdoors, Think Like an Engineer, Think Like a Programmer, Think Like a Citizen Scientist*

**Girl Scout Brownies:** *Brownie Quest, Wonders of Water, A World of Girls, Outdoors, Think Like an Engineer, Think Like a Programmer, Think Like a Citizen Scientist*

**Girl Scout Juniors:** *Agent of Change, Get Moving!, aMUSE, Outdoors, Think Like an Engineer, Think Like a Programmer, Think Like a Citizen Scientist*

**Girl Scout Cadettes:** *aMAZE!, Breathe, MEdia, Outdoor, Think Like a Programmer, Think Like an Engineer, Think Like a Citizen Scientist*

**Girl Scout Seniors:** *GirlTopia, Sow What?, Mission: Sisterhood, Outdoor, Think Like a Programmer, Think Like an Engineer, Think Like a Citizen Scientist*

**Girl Scout Ambassadors:** *Your Voice Your World, Justice, Bliss, Outdoor, Think Like a Programmer, Think Like an Engineer, Think Like a Citizen Scientist*

### Badges and Petals

Girl Scout badges are a great way for a Girl Scout to explore her interests and learn new skills—and to remember every adventure and show the world what she’s accomplished. Providing opportunities for girls to complete tasks that can help them earn badges will make your program very appealing to Girl Scouts and troop co-leaders! The current badge list is provided. To get more information about specific badges or purchase award requirement digital downloads, go to the [\*Girl Scout Badge Explorer\*](#), or visit your local Girl Scout Resource Center.

### The Girl’s Guide to Girl Scouting

Each level of Girl Scouting has its own handbook that supplements Journeys by focusing on helping Girl Scouts learn new skills through Girl Scout skill-building badges.

### Participation/Fun Patches

Participation Patches are not earned but they are a great way to help Girl Scouts remember an activity they participated in. You may have a patch to offer Girl Scouts that attend your program. If you do not, stop by one of our GSWISE Resource Centers and find a patch that might represent your program or create your own. Custom patch designs must receive GSWISE approval prior to production.
